Paris, December 7, 2006 – JCDecaux SA (Euronext Paris: DEC), the number one outdoor advertising company in Europe and Asia-Pacific, and the number two worldwide, announced today that **MCDecaux** (a joint venture between JCDecaux SA and Mitsubishi Corporation, 60% held by JCDecaux) has won four new contracts.

These 20-year contracts have been signed with the transport companies in the following cities:

- Fukuoka, Japan's 8th largest city with a population of 1.4 million
- Hiroshima, 11th largest city with a population of 1.1 million
- Niigata, 17th largest city with a population of 0.7 million
- Shizuoka, 18th largest city with a population of 0.7 million

The contracts are in addition to those previously held in:

- Yokohama (2nd largest city with a population of 3.5 million)
- Osaka (3rd largest city with a population of 2.6 million)
- Nagoya (4th largest city with a population of 2.2 million)
- Kobe (6th largest city with a population of 1.5 million)
- Okayama (19th largest city with a population of 0.6 million)

MCDecaux currently represents a potential quantity of more than 2,000 bus shelters and 4,000 advertising panels in Japan.

MCDecaux is also the largest operator of shopping centre advertising in Japan, managing advertising in more than 100 shopping centres on behalf of the 2 largest retailers, Aeon Group and Ito Yokado, through it reaching almost 50 million consumers every month.

Commenting on the contract wins, Jean-Charles Decaux, Chairman of the Executive Board of JCDecaux and Co-CEO, said: *"These important contracts underline MCDecaux's unique ability to offer advertisers and their agencies national coverage across Japan, with sites in nine of the top twenty cities on street furniture and in shopping centres. This key position is even more important as Japan is the 2nd largest advertising market in the world, worth about €39 billion every year, of which 11.5% is spent on outdoor advertising."*

Paris, December 11, 2006 - JCDecaux (Euronext Paris: DEC), the number one outdoor advertising company in Europe and in the Asia-Pacific region, and number two worldwide, has been awarded, within the framework of a public tender competition, a 10-year contract for the City of Nice and its 343,000 inhabitants. Under the terms of the contract, JCDecaux will provide MUPI® (2m² city map and information panels), 8m² Senior® large format billboards and advertising columns.

Following the recent renewal and extension of the contract covering bus and tramway shelters for the urban community of Nice and the French Riviera (*Communauté d'Agglomération Nice Côte d'Azur*), the renewal of this contract with the City of Nice covers 152 MUPI® 2m² panels, 59 8m² Senior® billboards and 12 columns. These street furniture models created by the Italian designers Gae Aulenti and Marco Fantoni represent a total of 400 advertising panels.

Jean-Charles Decaux, Chairman of the Executive Board of JCDecaux and Co-CEO, said: *"By choosing JCDecaux once again, the City of Nice further strengthens our commitment to quality and innovation. The recent renewals – with extensions – of our contracts with Aix-en-Provence, Cagnes-sur-Mer, Cannes, Marseille Provence Métropole and the Communauté d'Agglomération de Nice Côte d'Azur reinforce the strength of JCDecaux networks in the Provence Alpes Côte d'Azur region, the 3rd largest zone for advertising investment in France*."*

Paris, 8 January 2006 - JCDecaux SA (Euronext Paris: DEC), the number one outdoor advertising company in Europe and in the Asia-Pacific region, and number two worldwide, has been awarded two public tenders: a 12-year contract for street furniture in Strasbourg and surrounding urban areas, (Communauté Urbaine de Strasbourg - CUS), which comprises 28 boroughs and 427,250 inhabitants; a 14-year contract for tramway shelters with the Strasbourg transport company (Compagnie des Transports Strasbourgeois - CTS).

The CUS contract has been renewed and extended to cover the whole of the region. It now consists of 800 bus shelters, 330 MUPI® 2m² panels and 80 Senior® 8m² billboards.

The Strasbourg transport company contract has been extended and covers 72 double tramway shelters and 4 triple tramway shelters.

Designed by Lord Norman Foster, the street furniture includes approximately 2900 advertising panels.

Jean-Charles Decaux, Chairman of the JCDecaux board and Co-CEO stated: *"These exciting contract wins in Strasbourg underline JCDecaux's ability to provide the highest levels of service to cities and their inhabitants.*

Quality, cleaning, maintenance and sustainable development were at the centre of both tenders. To this respect, Strasbourg's demanding expectations were consistent with JCDecaux's core values. These enable JCDecaux to continually reinforce and improve its advertising offer, providing advertisers and media agencies with the most performing networks in Strasbourg as in the rest of France."

Paris, 11 January 2007 - JCDecaux SA (Euronext Paris: DEC), the number one outdoor advertising company in Europe and Asia-Pacific, and the number two worldwide is the world number one for self-service bicycles. After Vélo'V®'s first full year of operation in Lyon and Villeurbanne, JCDecaux has concluded that in 2006 this innovative self-service bicycle system definitively established itself as a truly individual means of public transport.

With almost **12 million kms** covered by cyclists during 2006, i.e. approximately **5,000 kms per bicycle**, the residents of Lyon have demonstrated that the issues relating to new mobility and sustainable development as well as the need to promote environmentally-friendly forms of travel have become part of their daily lives. Vélo'V® achieved **5.5 million rentals** during the year, an average of **15,000 rentals** per day with peaks that exceeded **30,000** during exceptional events such as the Festival of Music.

The **Cyclocity** concept was designed and developed by JCDecaux and launched by Greater Lyon under the name Vélo'v®. Since then, Cyclocity has been selected by Marseille, Aix-en-Provence and Brussels and is increasingly being considered by cities when **developing new urban travel policies**.

While JCDecaux has won **4 awards*** for this innovation, which has **no equivalent on the same scale anywhere in the world**, it is the public that has welcomed the Cyclocity concept, which opens up new ways of considering the city's public spaces thanks to its permanent availability, ease of use and respect for the environment.

According to a BVA study carried out in May 2006, more than 9 out of 10 people questioned in Lyon and Villeurbanne considered Vélo'v® to be a very good initiative. This highly positive opinion benefits both the city's image and the improved perception of its quality of life and enjoys a number of associated positive effects: a more pleasant city, less pollution, health benefits...

For Bruno Marzloff, a sociologist specializing in mobility: *"In an urban environment in which citizens claim a "right to mobility", cities face a double challenge: they must make themselves accessible to all while maintaining their fluidity or seamlessness. A flexible yet rigorous response must be found to this dual requirement. The radical innovation of the "public bicycle" contributes to both these demands and to both these constraints thanks to its versatility, its universal appeal and its efficiency."*

Paris, 15 January 2006 - JCDecaux SA (Euronext Paris: DEC), the number one outdoor advertising company in Europe and in the Asia-Pacific region, and number two worldwide, has won a public tender for street furniture and self-service bicycles in Mulhouse and its suburbs. The 15-year contract covers not only the towns of Mulhouse, Illzach and Kingersheim but also the area covered by SITRAM (*Syndicat intercommunal des transports de l'agglomération mulhousienne* – the Mulhouse regional transport company) with a total population of 234,445 inhabitants.

The street furniture contract being renewed relates to 263 bus shelters, 183 2m² MUPI® (street furniture displaying information), 88 8m² billboards and 7 columns. It represents around 1,050 advertising panels.

200 bicycles and 20 Cyclocity® stations will also be installed. With this contract, Mulhouse becomes the 1st town in eastern France to adopt this mode of individual public transport, which has met with unprecedented success since it was installed in Lyon in May 2005.

Jean-Charles Decaux, Chairman of the Executive board and Co-CEO stated: *"This new market strengthens JCDecaux in its commitment to quality, innovation and sustainable development in the street furniture arena. Establishing Cyclocity® in Mulhouse demonstrates that this concept, which has been designed and developed by JCDecaux, is increasingly being considered by cities when developing new urban travel policies. As proved by the experience of Lyon, the public has also welcomed the Cyclocity concept which opens up new ways of considering the city's public spaces thanks to its permanent availability, ease of use and respect for the environment. Following on from Vienna (Austria) Cordoba and Gijon (Spain), Lyon, Brussels, Aix en Provence and Marseille, our new contract with Mulhouse reinforces our position as world number one in self-service bicycles."*

Paris, 24 January 2007 - JCDecaux SA (Euronext Paris: DEC), the number one outdoor advertising company in Europe and in the Asia-Pacific region and number two worldwide, has renewed seven regional street furniture contracts through public tenders over the last few months. The cities have a combined population of nearly 380,000 inhabitants.

The contracts cover **945 2m²** advertising panels and **150 8m²** advertising panels. The municipalities that have chosen JCDecaux are: Aurillac, Cambrai, Chalon sur Saône, La Baule, Marcq en Baroeul, Roanne and Sète. The furniture installed has been designed either by JCDecaux or by the prestigious designers and architects: Lord Norman Foster and Philip Cox.

Announcing these renewals, **Jean-Charles Decaux, Chairman of the Board and Co-CEO of JCDecaux**, stated:

« We are very pleased that these cities have chosen JCDecaux, reinforcing our commitment to quality, innovation and sustainable development in the street furniture arena. The contracts strengthen our position as the number one outdoor advertising company in France. »

Paris, 30 January 2007 - JCDecaux SA (Euronext Paris: DEC), the number one outdoor advertising company in Europe and Asia-Pacific and the number two worldwide, announced today 2006 revenues of €1,946.4 million, an increase of 11.5% compared with 2005. Excluding acquisitions and the impact of foreign exchange, organic revenue growth was 7.7%, reflecting stronger than expected growth in the fourth quarter and well ahead of growth in the global advertising market.

In the fourth quarter, consolidated revenues grew by 9.0% to €564.3 million (+7.6% on an organic basis) compared to the same period last year. This growth in revenues reflects good progress in Transport, which continued to show double-digit organic growth, and solid performances from Street Furniture and Billboard.

Geographically, France and the Rest of Europe produced solid organic revenue growth over the year. In the United Kingdom, better than expected growth was achieved, following a strong performance in Billboard and Street Furniture in the fourth quarter. In its newer territories of North America and Asia-Pacific, the Group reported particularly strong revenue progressions. The highest organic revenue increase was achieved in South America, reported under Rest of the World.

In terms of activity, the Transport division (26% of total revenues) clearly established itself as the Group's second largest contributor to revenue - the first time in any full year - reflecting successful organic growth and acquisitive expansion, particularly in the Far East.

Street Furniture revenues for the full year grew by 6.4% to €984.1 million. Excluding acquisitions and the impact of foreign exchange, organic revenue growth was 5.6%. Core advertising revenues, excluding revenues related to the sale, rental and maintenance of Street Furniture contracts, increased by 6.2% organically.

In the fourth quarter, revenues increased by 7.8% to €289.8 million (+7.0% on an organic basis) compared to the same period last year. Core advertising revenues, excluding revenues related to the sale, rental and maintenance of street furniture contracts, rose by 9.3% organically. In Europe, double-digit revenue increases were reported in Spain, Portugal, Italy and Sweden. France and Germany reported solid advertising revenue growth over the quarter and the Street Furniture market rebounded in the United Kingdom, where advertising revenues increased strongly. Asia-Pacific, North America and the Rest of the World continued to produce double-digit organic revenue growth.

Transport revenues for the full year increased by 29.6% to €507.7 million. Excluding acquisitions and the impact of foreign exchange, organic revenues grew by 14.3%.

In the fourth quarter, revenues increased by 15.2% to €150.8 million (+ 11.5% on an organic basis). Double-digit organic revenue growth was reached again in a number of key markets including Germany, Spain, Scandinavia, Hong Kong and the United States, where revenues continued to be boosted by the renewed and extended contract with the New York Airports. Strong revenue growth was also reported in France over the period.

Billboard revenues for the full year increased by 6.1% to €454.6 million. Excluding acquisitions and the impact of foreign exchange, organic revenues grew by 6.2%.

In the fourth quarter, revenues increased by 4.9% to €123.7 million (+ 4.5% on an organic basis). Market conditions remained favorable in the United Kingdom, where revenues continued to grow by double digits. Strong growth was also reported in Ireland over the period while modest advertising revenue increase was achieved in France, Austria and Spain.

Commenting on the Group's 2006 revenue performance, Jean-Charles Decaux, Chairman of the Executive Board and Co-CEO, said:

"We experienced a stronger than expected fourth quarter, producing organic revenue growth of 7.7% for the year as a whole, the highest yearly organic growth rate achieved since our IPO in 2001. The growth in revenue reflects solid performances across all three of our divisions and is well ahead of the expected growth in the global advertising market in 2006.

Our organic revenue growth was supported by the overall improvement in the French advertising market compared to 2005, the double-digit revenue increase from lower-margin Transport advertising, as well as the good progress of our North American and Asia-Pacific operations.

We expect the operational progress achieved in 2006 – that was gained in both emerging and established markets - to pave the way for future revenue growth, which should enable us to continue to outperform the worldwide advertising market in 2007."
